- 8) A candidate's field of education is determined by their School at the time of application for candidature.
- 9) Where a candidate makes a change to their study program after enrolment that results in a change to their field of education, the value of their RTP Fees Offset may change depending on the cost category of the new field of education.
- 10) Candidates will be notified in writing if a change in the value of their RTP Fees Offset occurs.

Transferring to or from another university

- 11) Scholarships are not transferrable between higher education providers.
- 12) Candidates in receipt of an RTP Fees Offset or RTP Stipend scholarship at La Trobe University who seek to transfer from La Trobe to enrol in a higher degree by research at another higher education provider should seek confirmation from the new higher education provider about their eligibility to apply for a scholarship at that institution during the remaining tenure of their degree.
- 13) In accordance with the [Graduate Research and RTP Scholarships Policy](#), candidates transferring to a higher degree by research at La Trobe from another higher education provider are eligible to apply for a stipend scholarship at La Trobe upon enrolment. Any candidature time already consumed during the candidate's previous enrolment will be deducted from the duration of any scholarship awarded.

Appendix 1: Conditions of the Australian Government Research Training Program (RTP) Scholarship

1. PURPOSE OF THE RTP SCHOLARSHIP

The RTP scholarship assists the participation of Australian graduate research candidates in research training programs, by enabling persons of exceptional research potential to undertake higher degrees by research.

From January 1, 2017, the RTP replaces the scholarship provisions under the former Research Training Scheme (RTS). The Department of Education and Training has prepared frequently asked questions for scholars which are available on its website: <https://www.education.gov.au/research-training-program-frequently-asked-questions-students>

The RTP provides three scholarship programs that may be awarded separately:

- i. RTP Stipend
- ii. RTP Fees Offset*
- iii. RTP Allowance**

* Paid to the University from the Australian Government on the candidate's behalf. La Trobe University will only offer RTP Fees Offset Scholarships to domestic candidates.

** Paid to RTP Stipend holders to assist with costs associated with the production of publications, including research theses and other examinable artefacts, and relocation to undertake the degree.

For the purposes of this document the following definitions apply:

- RTP Scholarship holder – any higher degree by research candidate who is receiving any support under the RTP (Fees Offset, Stipend and/or allowance)
- RTP Stipend holder – any higher degree by research candidate who is receiving an RTP Stipend.

2. ADMINISTRATION OF THE RTP SCHOLARSHIP

- 2.1. The conditions governing the RTP at this University will be determined by the Board of Graduate Research (BGR), a sub-committee of the Research and Graduate Studies Committee (RGSC). The Chair of either Committee may make executive decisions on behalf of the corresponding Committee.
- 2.2. The RTP scholarship program is administered by the Graduate Research School and all enquiries should be directed to the School (GRSScholarships@latrobe.edu.au).
- 2.3. The University will be fair and equitable in the use of its discretionary powers in relation to this scholarship program.

 - 3.1.2. not be receiving an equivalent award or scholarship from the Commonwealth designed to offset HDR fees.
- 3.2. To be eligible to take up an RTP Stipend or RTP Allowance at La Trobe University a person additionally, must:
 - 3.2.1. not be receiving equivalent support providing a benefit greater than 75 percent of the RTP stipend rate, excluding income unrelated to the course of study or income

- 4.3. Part-time RTP scholarship holders are subject to the same restrictions on employment as full-time RTP scholarship holders, as described in section 7.
- 4.4. Part-time RTP scholars may revert to full-time study at any time, with the permission of the Dean of Graduate Studies.

5. COMMENCEMENT AND DURATION OF AN RTP SCHOLARSHIP

- 5.1. The RTP scholarship will normally commence on the original candidature commencement date. Deferral of scholarship commencement beyond 28 days will require a formal application of deferral, which must be approved by the Dean of Graduate Studies.
- 5.2. The University reserves the right to withdraw the offer of an RTP scholarship if an applicant does not respond to the offer by the date specified in the letter of offer or does not commence studies by the allowed date.
- 5.3. The RTP duration applies from the date of commencement.
- 5.4. A full-time RTP Fees Offset may be held for a maximum of two years for a Masters by research degree, and four years for a doctoral research degree (full-time equivalent). Such deductions will be on a one to one basis for every day of full-time candidature, or half the period for part-time candidature.
- 5.9. An RTP Scholarship holder who enrolls for doctoral candidature prior to submitting a thesis for a Masters by research degree, can use the balance of the RTP not taken up in the Masters by research degree towards the doctoral candidature, provided that there is no interval between the Masters by research and doctoral candidature, or that such an interval is covered by suspension of the RTP through a Leave of Absence or withdrawal from the Masters by research degree.
- 5.10. An RTP Scholarship holder who transfers to a Masters by research degree prior to submitting a thesis for a doctoral degree will be subject to the maximum period of support for the Masters by research degree calculated from their original course commencement date. If the scholarship holder has been enrolled for more than the maximum period of support, they will not be eligible for further stipend payments, and the University reserves the right to charge candidates up to the equivalent current value of the RTP Fees Offset for any periods of candidature held beyond the maximum period of support. If the scholarship holder transfers within the maximum period of support, they can use the balance of the scholarship not taken up in the doctoral degree towards the Masters by Research, provided that there is no interval between the doctoral candidature and the Masters by Research, or that such an interval is covered by suspension of the RTP through a Leave of Absence or withdrawal from the doctoral degree.
