The University has measures in place to support responsible procurement, which reflects its commitment to ethical purchasing, environmental sustainability, diversity and inclusion. This commitment is particularly focused on aligning with the University's responsibilities and obligations in the following areas:

- a. diversity, inclusion and accessibility
- b. labour and human rights principles, including the risk of modern slavery in supply chains
- c. environmental sustainability and the circular economy of goods and services
- d. supporting the business and entrepreneurial endeavours of Aboriginal and Torres Strait Islanders
- e. supporting the business and entrepreneurial endeavours of Social Enterprises
- f. supporting local businesses first where possible
- g. data privacy and data security
- h. corporate governance and ethical business practices
- i. wellbeing, health and safety of all employees, contractors, consultants and students.

Part B - Core Requirements

Pre-procurement

(6) Approved Vendors - Purchasers must use Contracted vendors for identified categories as listed. Where approved suppliers are not identified, purchasers must follow the [Procurement Procedure](#).

(7) Additionally, when there is a Vendor Panel arrangement in place (one or more approved vendors providing the same goods or services; for example: recruitment and staffing; furniture; leadership development; marketing & digital services; legal service providers; laboratory and chemical supplies), staff are required to seek quotes from the panel as per the [Procurement Thresholds Matrix](#).

(8) Where approved suppliers are not identified, purchasers must follow this Policy and the [Procurement Procedure](#) to purchase goods and services for or on behalf of the University.

Principles to be Applied to Procurement

(9) All procurement activities must:

- a. be undertaken in accordance with the University's legislative and regulatory requirements (including University legislation, [Workplace Gender Equality Act 2012](#), Modern Slavery Act 2018) as well as all relevant policies and procedures, including but not limited to:
 - i. [Health and Safety Policy](#)
 - ii. [Privacy Policy](#)
 - iii. [Contracts Policy](#)
 - iv. [Legal Advice Policy](#)
 - v. [Asset Management Policy](#)
 - vi. [Code of Conduct](#)
 - vii. [Data Governance Policy](#)
 - viii. [Environmental Sustainability Policy](#)
- b. align with the University's objectives under the [La Trobe University Act 2009](#), values and [Strategic Plan](#).
- c. ensure best value for money, includes considering fitness for purpose and fair market value, undertaking appropriate levels of due diligence on the proposed vendor(s), whole of life costs, post- delivery support, effective warranty and conformity to laws.
- d. incorporate responsible procurement considerations into sourcing and tender processes, with weightings that reflect the University's commitment to environmental sustainability, support for indigenous enterprise and promotion of social good.
- e. ensure probity and equity, including open and effective competition, fairness and impartiality, consistency and fairness of process, accountability, transparency, security and confidentiality.
- f. not involve conflicts of interest and be undertaken in the University's best interests. Any actual, perceived or potential conflict of interest must be reported and managed in accordance with the [Conflict of Interest Policy](#) and the [Code of Conduct](#). Procurement Strategies must include a declaration of either no Conflict of Interest or details of any Conflict of Interest.
- g. conform with the [Procurement Thresholds Matrix](#) which sets out the minimum requirements for procurement activities and forms part of the [Procurement Procedure](#). For example, the authorised contract value (for the life of the contract) of the proposed purchase, will determine the nature of procurement activities to be undertaken before the purchase can proceed.

Financial approval

(10) All financial decisions in relation to procurement must be made in accordance with the [Delegations and Authorisations Policy](#), the [Contract Signing Instrument of Delegation](#) and appropriate funds must be available within the relevant business area budget.

(11) Financial decisions include obtaining approval to commence any procurement activity as well as ultimately executing the contract if the purchase proceeds.

(12) Splitting Procurement is the act of deliberately breaking up a single procurement into two or more smaller pieces to access lower financial decision sign off requirements or lighter processes. Splitting procurement circumvents probity processes, increases risk to the University and is strictly prohibited. Splitting procurement will constitute a breach of this policy as well as the University's [Delegations and Authorisations Policy](#).

Foreign Engagement

(13) Engagements with foreign individuals and entities are an important part of University teaching, learning and

research activities. Refer to the University's [Foreign Engagement Policy](#) if your:

- a. agreement/contract/invoice is with a foreign government/their agencies or foreign university;
- b. invoice/s involve a foreign party outside an agreement/contract; or
- c. proposal relates to a direct approach by an individual staff member to matters with a foreign partner.

Part C - Contract Establishment

(14) In line with the University's [Legal Advice Policy](#). It is important to involve Legal Services as early as possible in any transaction. Any known timeframes (e.g. tender documents submission dates etc) should be notified to Legal Services at the earliest opportunity. Project planning must take into account and allow adequate time for the provision and consideration of legal advice. Notifying Legal Services of the need to establish a contract is not the sole responsibility of Strategic Procurement.

Contractual Terms and Conditions

(15) All procurement related activity must comply with the [Contracts Policy](#). All Contracts to which the University will be a party must be written and include appropriate terms and conditions that have been prepared or reviewed by Legal Services. The only limited exception to this is where a currently approved Template Contract or prescribed Contract Review Tool is used by an approved user and within the prescribed terms of use.

(16) Obtaining Legal advice on Contract is part of ensuring that an informed decision can be made by the Contract Sponsor and Authorised Signatory regarding legal risk to the University.

(17) Wherever possible, a University Contract should be used over third party terms.

(18) Strategic Procurement must ensure that the appropriate University Standard Form Contract template is included in all tender (RF(x)) documentation, to inform all invited suppliers of the terms and conditions under which they will be required to contract, and in order to assess the level of Suppliers' compliance with the University's Standard Form Contract as part of the evaluation process.

(19) Strategic Procurement and/or relevant Business Unit will need to facilitate the establishment, negotiation and execution of the final Contract between the University and the selected Supplier, in conjunction with the Authorised Delegate and, as appropriate, Legal Services.

Non-compliance

(20) Staff who breach the provisions of this Policy may be subject to disciplinary action for unsatisfactory conduct or misconduct as outlined in the relevant University staff agreement or relevant policies. Such action may result in the withdrawal of delegated authority and/or other disciplinary action. Serious non-compliance may be reported to the Police and/or the [Independent Broad-based Anti-corruption Commission \(IBAC\)](#), which potentially could result in civil or criminal proceedings. There is a statutory requirement for the University to report all suspected fraud to the [IBAC](#), irrespective of the amount involved. If fraud, corrupt or other improper conduct is suspected, it should be notified to Assurance and Compliance, (Commercial, Legal and Risk department) at the earliest opportunity.
