(32) Where a student's change to citizenship or immigration status impacts their eligibility for government funding, other external sponsorship or scholarship, or a HELP loan, the date that notification and evidence of this change is received by the University will determine the effective date from which a student's changed eligibility can be assessed, as follows:

- a. where a student submits confirmation of a change to the University before the Census Date, they may be entitled to a changed funding arrangement for that and future teaching periods
- b. where a student's status changes after the Census Date, relevant funding arrangements will be retained for the duration of that teaching period.

Part C - Enrolment Load

General

(33) Enrolment load is calculated per half year:

- a. for completion monitoring, a student is considered full-time when their EFTSL is 0.5 or above per half year
- b. for the purposes of meeting conditions for Australian government assistance, or for calculating student amenities fees, students are considered full-time when their Equivalent Full-Time Study Load (EFTSL) is 0.375 or above per half year.

(34) Below these values, a student is considered part-time.

(35) Courses at La Trobe have a maximum allowable credit-point enrolment depending on the requirements of the specific course and the structure of the teaching periods:

- a. semester-based and non-standard teaching courses have a maximum enrolment of between 60 and 75 credit points per half year

(36) For provisions in relation to underloading and overloading see the relevant sections of the Enrolment Procedure – Variations.

Part D - Requisites

(39) Students may normally only enrol in subjects, whether as Single Subjects or as part of a course, where they meet, or will meet, any published pre- or co-requisites.

(40) If a student fails a pre-requisite subject, they will be withdrawn from any subjects in subsequent teaching periods which have that subject as a pre-requisite. Students in this situation may seek to enrol in an alternative subject in the relevant teaching period through an application to vary their enrolment.

(41) Subject Coordinators may approve the waiving of the requirement for an individual to meet the published pre- or co-requisites for specific subjects where it is determined that the student will not be disadvantaged in their learning outcomes by doing so.

(42) Undergraduate students are generally not permitted to enrol in postgraduate subjects. Any exceptions must be approved by the relevant Course Coordinator.

(43) Postgraduate students may enrol in a limited number of undergraduate subjects where provided for in their course structure.

Part E - Re-Enrolment

(44) Students must re-enrol for the subsequent Compulsory Teaching Period in their study plan, unless they are on an approved Leave of Absence, or are expecting to complete their course in the current teaching period.

(45) Where a student is prevented from re-enrolling in a timely way in any subject through actions taken by the University (for example a change to subjects offered, or a late result for a prior subject), the University may re-enrol the student with their written consent where this does not disadvantage their academic progress.

(46) Students who fail to re-enrol by the deadline specified for the relevant teaching period, and who have not been granted a Leave of Absence, will have their enrolment status updated to Absent Without Official Leave (AWOL) as outlined in the [Enrolment Procedure - Variations](#).

Part F - Concurrent Enrolment

(47) Approval to enrol in two or more other standalone courses in any teaching period at La Trobe is:

- a. only given where the relevant Associate Dean(s), Learning and Teaching is satisfied that the student will not be disadvantaged and has a realistic opportunity to succeed in their studies in all courses
- b. conditional on the student maintaining satisfactory academic progress in both courses and may be revoked where the student cannot continue to meet this requirement.

(48) Students are required to abide by all relevant external requirements and legislation when undertaking concurrent study at one or more institutions. Students are not eligible for Commonwealth assistance for a subject where their study load for the preceding 12-month period is greater than two EFTSL, including any enrolment with another

provider.

Part G - Single Subjects

(49) The enrolment of any individual in Single Subjects must not normally exceed the full-time load in any teaching period.

(50) The University does not allow individuals to audit subjects, that is to access learning materials or attend lectures or classes of any subjects from its award courses as an unenrolled observer.

Part H - Mobility Programs

Cross-Institutional Study

(51) Students currently studying in a course at La Trobe may apply for permission to study individual subjects with another recognised higher education provider, and to have this study credited towards their course at La Trobe, where:

- a. the equivalent subject is not available at La Trobe, and
- b. they have completed at least 60 credit points of studies with La Trobe University. This may be in their current course or another La Trobe course from which they have transferred.

(52) Students currently studying at another Australian higher education provider may apply to study individual subjects at La Trobe on a cross institutional basis. Evidence of approval for study and credit by the home institution must be provided as outlined in the [Admissions Procedure](#).

(53) International onshore students who wish to apply for inbound cross-institutional study at La Trobe must also provide a copy of their valid CoE and approval from their CRICOS-registered provider. Outbound international students who wish to apply for cross-institutional study at another Australian provider are also required to provide this documentation to the other provider.

Exchange and Study Abroad

(54) Students currently enrolled in a course at La Trobe may apply for permission to participate in a mobility program:

- a. as an exchange student at an overseas institution with whom the University has a formal exchange agreement. Students are not permitted to participate in an exchange where there is no agreement between La Trobe and a particular overseas provider.
- b. under a Study Abroad arrangement where they pay tuition fees to the overseas provider.

(55) International onshore students enrolled at La Trobe who enter into an Exchange or Study Abroad arrangement are still expected to complete their course within the original Expected Duration of Study stated on their CoE.

Part I - Reviews of Enrolment Decisions

Suspension or Cancellation of Enrolment

(56) Students may seek a review of any decision made by the University to suspend or cancel their enrolment under the conditions outlined in Part I of the Enrolment Procedure - Variations.

(57) Students may seek a review of any other decisions made in relation to their enrolment where they are of the view

that the Enrolment Policy or its related procedures have not been correctly applied.

(58) A request to review a decision must be lodged in writing, addressed to the Director, Student Administration, as follows:

- a. students enrolled in term-based subjects should apply within five business days of the relevant process or decision
- b. students enrolled in semester-based subjects within 10 business days of the relevant process or decision.

(60) A written outcome will be provided within 10 business days of the date the request was received by the University.
