(8) Pre-Retirement Contracts are entirely voluntary, and while encouraged by the University they are not an entitlement and will only be offered where the University can see a benefit in terms of workforce planning.

(9) Pre-Retirement Contracts are agreements between individual staff members and the University and are discussed and negotiated privately and on a case-by-case basis. As such, the terms of one staff member's Pre-Retirement Contract is not used to set a precedent for other such contracts.
